

Dear Citizens of Floyd County,

I am writing this letter to let you know just how proud I am of my Aunt Barbara Penson.

Barbara has taught me many things throughout the years and I consider her to be a great role model, not only for me, but also for the citizens of Floyd County. Her work ethics are commendable and her career at the Superintendents office for the past 29 years is clearly proof of her dedication to her job and to Floyd County.

Her devotion to her family is without question. Barbara is a very dedicated and driven individual who will put the needs of the community above anything else and she will deliver and get the job done in a commendable and timely fashion.

I feel that by electing Barbara Penson for the position of Clerk of Court for Floyd County you will be making a decision that you will not regret.

Sincerely,

Brian Holbert
